migrant work by another name explores the complexities of canada s evolving international migration and employment policy landscape it critically examines the shift towards mobility programs under the recently inaugurated international mobility program imp this shift occurs alongside the contraction of certain streams within canada s long standing temporary foreign worker program tfwp the book investigates the implications of policy changes influenced at once by public outcry over migrant worker exploitation and persistent demands for labour in the face of qualitative labour shortages in high income countries like canada grounded in a decolonial feminist political economy approach Leah F Vosko employs a mixed methods analysis to contrast the narrative of mobility with the persistent realities of precarity among transnational workers the book features in depth case studies of the three largest imp subprograms working holiday post graduation and spousal work permit programs revealing how these initiatives despite being touted as promoting mobility provide for temporary migrant work by another name and perpetuate distinct forms of precarity this critical perspective challenges the notion of progress in contemporary migration policies shedding light on the ongoing challenges faced by transnational workers in canada

the invisible forces unveiling hidden influences on decision making by dr neelesh kumar maurya what if the choices you believe are yours were never entirely your own what if unseen currents emotional social ancestral and cosmic were silently steering your every decision the invisible forces is a profound exploration of the hidden powers that shape human thought and action blending psychology spirituality philosophy and lived experience the book reveals how fear memory desire culture belief relationships intuition and destiny quietly influence our judgement often more than logic or reason rather than viewing decision making as a conscious act this book invites readers to rethink choice as a tapestry woven by forces

both known and unseen it challenges long held assumptions and opens new pathways for self awareness clarity and transformation thought provoking and deeply insightful this work appeals to thinkers seekers leaders scholars and anyone who has ever wondered why did i choose this path could i have chosen differently with reflective questions relatable examples and philosophical depth the book does not merely inform it awakens it encourages readers to notice patterns break conditioning and recognise the subtle energies shaping their direction in life if you are curious about the mind destiny and the silent architects of human behavior this book will not just speak to you it will stay with you from fear to faith memory to culture intuition to destiny this book reveals the silent architects behind human decision making
