beautiful ideas for great kitchen designs featuring the latest finishes and materials

a look inside the weaponization of social media and an innovative proposal for protecting western democracies from information warfare when facebook twitter youtube and instagram were first introduced to the public their mission was simple they were designed to help people become more connected to each other social media became a thriving digital space by giving its users the freedom to share whatever they wanted with their friends and followers unfortunately these same digital tools are also easy to manipulate as exemplified by russia s interference in the 2016 u s presidential election authoritarian states can exploit social media to interfere with democratic governance in open societies tyrants on twitter is the first detailed analysis of how chinese and russian agents weaponize facebook instagram twitter and youtube to subvert the liberal international order in addition to examining the 2016 u s election

david l sloss explores russia's use of foreign influence operations to threaten democracies in europe as well as china's use of social media and other digital tools to meddle in western democracies and buttress autocratic rulers around the world sloss calls for cooperation among democratic governments to create a new transnational system for regulating social media to protect western democracies from information warfare drawing on his professional experience as an arms control negotiator he outlines a novel system of transnational governance that western democracies can enforce by harmonizing their domestic regulations and drawing on his academic expertise in constitutional law he explains why that system if implemented by legislation in the united states would be constitutionally defensible despite likely first amendment objections with its critical examination of information warfare and its proposal for practical legislative solutions to fight back this book is essential reading in a time when disinformation campaigns threaten to undermine democracy

new york times bestseller from the author of on tyranny comes a stunning new chronicle of the rise of authoritarianism from russia to europe and america a brilliant analysis of our time karl ove knausgaard the new yorker with the end of the cold war the victory of liberal democracy seemed final observers declared the end of history confident in a peaceful globalized future this faith was misplaced authoritarianism returned to russia as vladimir putin found fascist ideas that could be used to justify rule by the wealthy in the 2010s it has spread from east to west aided by russian warfare in ukraine and cyberwar in europe and the united states russia found allies among nationalists oligarchs and radicals everywhere and its drive to dissolve western institutions states and values found resonance within the west itself the rise of populism the british vote against the eu and the election of donald trump were all russian goals but their achievement reveals the vulnerability of western societies in this forceful and unsparing work of contemporary history based on vast research as well as personal reporting snyder goes beyond the headlines to expose the true nature of the threat to democracy and law to understand the challenge is to see and perhaps renew the fundamental political virtues offered by tradition and demanded by the future by revealing the stark choices before us between equality or oligarchy individuality or totality truth and falsehood snyder restores our understanding of the basis of our way of life offering a way forward in a time of terrible uncertainty

timothy snyder schetst in de weg naar onvrijheid de contouren van een nieuwe wereldorde na de val van de muur kwam de koude oorlog in 1990 definitief ten einde over de hele linie werd er geloofd dat de liberale democratie wereldwijd zou zegevieren dat bleek echter misplaatst te zijn met de ontwikkeling van een politiek systeem waarin fascistische ideeën gebruikt worden om de macht van de rijken te bestendigen heeft

vladimir poetin het autoritarisme in rusland teruggebracht de opkomst van het populisme de brexit en de verkiezing van donald trump hebben de kwetsbaarheid van de westerse samenleving en de wankel fundamente van de democratie genadeloos blootgelegd in de weg naar onvrijheid onderzoekt snyder de bedreigingen voor onze democratie en analyseert hij de oorzaken ervan hij laat zien hoe we de kernwaarden van onze manier van leven beter kunnen begrijpen en hij biedt verheldering in deze tijd van grote onzekerheid

no future punk is dead that is what was sung and said yet as we approach 50 years of punk rock it still endures and sometime thrives from white riot to pussy riot never mind the bollocks to nevermind diy to never gonna die punk rock has marked or stained it marks or stains our musical and cultural history and practice here key established writers as well as emerging scholars from around the world offer critical views on punk practice and legacy in a timely re evaluation of its significance as music culture politics nostalgia heritage the handbook looks at pre and proto punk forms the high years of c 1976 84 the international spread of the music and style punk media from films to fanzines as well as a thread that may run through its entire history the inspiring politics of diy do it yourself crossing and blurring disciplinary boundaries it presents methodological innovations to offer new ways of understanding punk s significance the oxford handbook of punk rock also identifies and explores some of punk s core contradictions its anti war messages alongside its often gendered violence its anti racism alongside its dominant whiteness its energy and attitudinality as a youth culture for an aging demographic its intermittent but persistent flirtations with populism and nationalism
